vi. Institutional set-up for liquidity risk management

The Board of Directors of the Company has an overall responsibility and oversight for the management of all the risks, including liquidity risk, to which the Company is exposed to in the course of conducting its business. The Board approves the governance structure, policies, strategy, and the risk limits for the management of liquidity risk.

The Board of Directors of the Company has constituted an Asset Liability Committee (ALCO). The main objective of ALCO is to assist the Board and Risk Management Committee to manage the liquidity risk, interest rate risk, forex risk and any other normal risks which are part of financial services business. ALCO meetings are held once in a quarter.

The Risk Management Committee constituted by the Board of Directors is primarily responsible for the effective supervision, evaluation, monitoring and review of various aspects and types of risks, including liquidity risk, faced by the Company.
